### LEADERSHIP RETREAT | WELCOMING RISK

On October 26–28, 4DL was pleased to host nine Colonial School District leaders at the beautiful Eagle Point Retreat in North East, Maryland, for the first of three convenings known collectively as the Leadership Retreat.

The theme of our October session was “Welcoming Risk” and focused on providing opportunities to explore the ways in which our perception of risk can impede our progress towards more equitable systems.

**About 4DL’s Leadership Retreat:** *The Leadership Retreat comprises a set of thoughtfully-designed, thematic experiences for school leaders who consistently operate in high-stakes environments where the ability to reflect and recharge is often elusive. These experiences are dialogical in nature and rooted in thought-provoking texts. They offer decision-makers the opportunity to temporarily step away from their day-to-day responsibilities to think more deeply about how their own well-being and growth are intertwined with their professional roles and goals - particularly as they seek to create more equitable environments for the children they serve.*

### LEAD FOR DELAWARE | JOURNEY TO FINLAND

Fellows currently enrolled in 4DL’s Lead for Delaware principal certification program will be traveling to **Finland** from **March 30 through April 6, 2024** to learn about the Finnish model of education through conversations with school leaders and teachers, classroom tours and cultural activities.
